### **To Those We are Privileged to Serve**

Federal and state agencies have determined that itemization of funeral services is essential for the benefit of the public to assure that consumers are not asked to pay for services they do not receive. The goods and services listed in this pricelist are those that we can provide to our clientele. It is important that each item of service, in addition to our basic service fee, be identified. You may choose only items that you desire, however in all categories of service, a charge for our basic services and overhead will be included in addition to those items requested. It is our sincere concern that every requirement you have be fulfilled, in addition or apart from our standard offerings as listed herein. Please feel free to express yourself to our funeral counselor. We will make every effort to meet your needs.
